## Resident survey

Between now and 1 October you may be contacted by telephone to complete our resident survey. This should only take 15 minutes.

As per the Local Government Association guidance (LGA) and in line with other local authorities, we are using an independent company with previous experience of undertaking such surveys to complete this important piece of work. This way, the Royal Borough has no say in which residents are or are not selected, as is best practice. They also ensure that the random sample is representative of the local population by using census data.

As always, you can give feedback on the services we provide using our [online feedback form](#).
