### Lawful basis for processing information:

Highways Act 1980

Road Traffic Regulation Act 1984

General Data Protection Regulation Article 6(1)(e) processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller

### How we collect information:

Personal Data is collected from the road side via our Automatic Number Plate Recognition (ANPR) Vector Camera. This records images of the vehicles and sends this data via an encrypted 3g data service using security standards UTM and HTTPS to our hosted service operated by Jenoptik

Specified Royal Borough enforcement officers securely login to the password protected web service to gain access to the system and retrieve the data.

### Categories of information:

ANPR data and photographic images of the vehicles which may include pictures of drivers and passengers of the vehicle. We do not collect personal data from the

individual. We identify the registered keeper of the vehicle either through displayed commercial badging or through the Driver Vehicle Licensing Authority (DVLA).

**How we use the information provided:**

The information is used to contact the registered keeper of the vehicle to inform them of the weight limit and of our powers to prosecute should they continue to use the bridge with overweight vehicles.

**Who has access to the information about you:**

Specified RBMW Enforcement Officers will have access to the data available to enable them to fulfil their duties. Jenoptik may require access to provide technical support for the provision of supporting the system. All access is fully auditable to ensure absolute compliance with our data protection obligations.

**Who we may share your information with:**

The licence plate number is disclosed to DVLA and/or the commercial owner.

Trading Standards for enforcement purposes.

NAFN (National Anti-Fraud Network)

**How long we store your information:**

All images are stored for 180 days before being overwritten, if the data is used for enforcement action it will be stored for 6 years + the current financial year

**Does your service utilise automated decision making? – No**
