Ockwells Park
CAR PARKING CONSULTATION
2019

Since the opening of the Thrift Wood extension to Ockwells Park, which not only expanded the facilities available but also the time visitors spend at the Park there has been a significant increase in demand for parking. Additionally there has been an increase in the popularity of the park and we now understand that regularly the car park is extremely busy and at points visitors park on the roads and verges near the park. Whilst we are working to encourage walking, cycling and bus trips to the park we also want to consult on increasing the capacity of the car park by a net 36 additional permanent car spaces and 16 new cycle parking bays.

The current suggestion is to extend the current car park on the right as you enter the park where there is a small parking area already, this would then have an access road taking you to two additional areas. The area would be landscaped to minimalize the impact of the changes. The view from the pavilion would be landscaping as well.

We are therefore seeking the views of local residents and park users through this survey, please complete and return forms to us by Sunday 1 September 2019. Return completed forms to either the box at Andrea’s Café, Ockwells Park or at Cox Green Leisure Centre, or by post to Leisure Services, Town Hall, St. Ives Road, Maidenhead SL6 1RF.

A second consultation will take place on separate element of the plan which is to replace the current children’s play area. This will be undertaken in the Summer with the play area remodelled in the Winter months.

Please tick the appropriate boxes.

Should the cycle parking capacity be increased?

Yes ☐ No ☐

Should the car park capacity be increased?

Yes ☐ No ☐

If you select NO to the car park increase, please do not answer any further questions

If you select YES, please rate the 3 options overleaf as 1st, 2nd and 3rd.

Option 1 ☐ Option 2 ☐ Option 3 ☐
