Statement of Reasons

The A308 Braywick Road is a dual carriageway and a major traffic route into Maidenhead. A new leisure centre is being constructed alongside the Braywick Road and this scheme is for the installation of a staggered Toucan crossing, to provide controlled facilities for pedestrians and cyclists to cross the Braywick Road in the vicinity of the leisure centre.

The Royal Borough of Windsor & Maidenhead are therefore introducing the Toucan crossings for the following reasons:

- For avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising
- For facilitating the passage on the road or any other road of any class of traffic (including pedestrians)
- For preserving or improving the amenities of the area through which the road runs
