Old clothes & textiles recycling

Unwanted textiles and old clothes can be left out once a week with your other bins in a bag marked textiles and will be picked up for recycling.

Once you have put a bag of clothes out for recycling, we shall leave you a pink bag to use next time.

What can you put in your recycling bin?

Do you recycle your food waste?

If not, is it time to give it a go?

A food waste bin for your wasted food can be ordered online.

The food waste bin will be emptied every week alongside your other bins.

What to do with garden waste

Go online and subscribe to the fortnightly green garden waste collection service.

Could you home compost?

Or take your green waste for recycling to the tip.

Please don’t put garden waste in your black bin.

Thank you for recycling

✗ No Thanks
- Dirty or stained paper & card

Pots, tubs, trays, bottles, jars, tins, cans etc do not need to be clean.

Plastic film that covers meat, fish and fruit and vegetable trays cannot be recycled and will need to go in the general rubbish bin.

If you put wrong items in your recycling bin, it may only be emptied when you have removed these items.

Please put your recycling in the bin loose – no carrier or plastic bags please.
